Unit 1 Reflection Sheet- Health and Social Care – Year 10 (Unit 2, Health and Social Care Values)

In this unit you have learnt how to:
Explore the care values that underpin current practice in health and social care. Investigate ways of empowering individuals who use health and social care services.

You have developed your skills in:
Identifying how care values are used to support users of services
Describing how care values support service users
Discussing the importance of the values that underpin current practice in health and social care
Assessing the potential impact on the individual of effective and ineffective application of the care values in health and social care practice
Demonstrating your use of care values in a selected health and social care setting
Identifying ways in which care workers can empower individuals
Describing how an individual's circumstances can be used to create a care plan that empowers the individual
