

**Physics (Triple award) Year 11**

Test target for Year 11 is:

This year you will be completing the physics paper 2 content. This includes units 6 – 8. Unit 6 is Waves where you will study wave properties, speed and uses. Unit 7 is on magnetism and electromagnets. Unit 8 is on Space where you will look at our solar system and the origins of the universe.

		Working Towards Target	At Expected Target	Above Expected Target	Test grade
Unit P6	P6 Waves				
WTM	Walking Talking Mock exam				
<b>Overall unit performance</b>					
FFL:	Meeting behaviour for learning standards	Actively engaged in the learning	Regularly complete HWK to a high standard	Completing CWK to a high standard	Is a resilient learner 'Doesn't give up easily'
Achieved:					

		Working Towards Target	At Expected Target	Above Expected Target	Test grade
Unit P7	P7 Magnets and electromagnets				
Unit P8	P8 Space				
<b>Overall unit performance</b>					
FFL:	Meeting behaviour for learning standards	Actively engaged in the learning	Regularly complete HWK to a high standard	Completing CWK to a high standard	Is a resilient learner 'Doesn't give up easily'
Achieved:					

		Working Towards Target	At Expected Target	Above Expected Target	Test grade
Mock exam	Physics paper 2				
<b>Overall unit performance</b>					
FFL:	Meeting behaviour for learning standards	Actively engaged in the learning	Regularly complete HWK to a high standard	Completing CWK to a high standard	Is a resilient learner 'Doesn't give up easily'
Achieved:					

Exam 2020	Date
Biology paper 1	12 <sup>th</sup> May
Chemistry paper 1	14 <sup>th</sup> May
Physics paper 1	20 <sup>th</sup> May
Biology paper 2	1 <sup>st</sup> June
Chemistry paper 2	10 <sup>th</sup> June
Physics paper 2	12 <sup>th</sup> June
