

## French – Year 9

Test target for Year 9 is: \_\_\_\_\_

In Year 9 students begin the GCSE course and complete 3 units of work. This is designed to give students a grounding in the demands of the GCSE.

By the end of Year 9 in **French** we expect students to become increasingly fluent in ‘the 7 skills’: Listening, speaking, reading, writing, memorising, translating and applying grammatical rules.

In addition, students complete 8 tasks to count towards their ‘Gold Award’.
