"Achieving through Challenge"

15<sup>th</sup> March 2021

Dear Parent/Carer(s),

Students will shortly be moving to twice weekly, rapid COVID-19 testing at home. This is following their first three supervised tests on site at school.

Up to 1 in 3 people who have COVID-19 have no symptoms and could be spreading it without knowing. Getting into a regular habit of testing twice a week will help stop the virus spreading, keeping your family and friends safer.

We will be sending home COVID-19 testing kits with your child as each year group completes their third test on site. This will start with Year 11 tomorrow and all students will have received their home tests by Friday. Please make sure your child tests themselves **twice a week 3-5 days apart, in the morning before school if possible and, if not, the evening before.**

Your child should also **continue testing twice a week, at home, throughout the Easter school holidays.** We will be sending home extra kits for Easter holiday before term ends.

If your child has not been tested at school yet, then please get in touch with us so that we can arrange a time for them to be tested on site, before beginning home testing.

[Help and support is available](#), including instructions in different languages on how to test and report the results and a video showing you how [to take the test](#).

This does not replace testing for those with symptoms. If you have symptoms you must self-isolate immediately, book a PCR test and follow national guidelines.

### **Reporting results to NHS and School**

It is really important that results of test are reported online straight away, even if your child's result is negative or void. It's easy to do at [www.gov.uk/report-covid19-result](http://www.gov.uk/report-covid19-result).

Results can also be reported via telephone by calling 119 (free from mobiles and landlines). Lines are open every day, 7am to 11pm.

It is important to keep a note of your child's results and also report these to school. It's easy to do at <https://home.penryn-college.cornwall.sch.uk/track.php>

**If your child receives a positive test result please call the Attendance team on 01326 372379 as soon as possible and speak to a member of the team.** The whole household will need to isolate as per the Government guidelines.

## Testing for parents, households and bubbles twice a week

A reminder that regular rapid testing is now also available for parents, their households and support or childcare bubbles. The government is encouraging all families to participate in twice weekly testing to help stop the spread.

Parents and other adults in the household can access tests by:

- Ordering tests online [www.gov.uk/order-school-household-tests](https://www.gov.uk/order-school-household-tests)
- Getting an assisted test at work, if it is available
- Attending a test site to get tested (where you will be able to see how to take the test) or pick up tests to do at home.

To find out more on school household testing visit [Households and bubbles of pupils, students and staff of schools and colleges: get rapid lateral flow tests - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/households-and-bubbles-of-pupils-students-and-staff-of-schools-and-colleges-get-rapid-lateral-flow-tests)

We continue to encourage everyone to take part in regular Covid-19 testing.

Yours faithfully,
