

Year 8 Food and Nutrition

During Y8 Lifestyle: Food and Nutrition students will:

- Explore cultural diversity within Food from around the world.
- Identify and evaluate factors that affect food choice.
- Independently research and adapt nutritious fusion recipes.
- Continue to develop more complex techniques and cooking methods.
- Analyse and evaluate skills and ingredients used within recipes.
- Use a range of methods to present and communicate ideas and research.

		Working Towards Target	At Expected Target	Above Expected Target	
UNIT 1 Food and Nutrition Around The World	Making and practical activities				
	Knowledge and understanding				
	Analysis and evaluation				
	Cross Curricular Skill				
Overall unit performance					
FFL:	Meeting behaviour for learning standards	Actively engaged in the learning	Regularly complete HWK to a high standard	Completing CWK to a high standard?	Is a resilient learner 'Doesn't give up easily'
Achieved:
