

BTECH: Creative Media Production - Year 10

Target Grade for Year 10 is:

In Year 10 you will be given lots of opportunities to experiment with different media platforms as well as developing your understanding of how they communicate meaning to their audience to be successful. You will take part in teacher led workshops and be complete research to support your planning to create a media product in your chosen media sector. You will develop your skills to create different media products that engage an audience by creating a portfolio of evidence.
