

## Get to Know Your Governor

### Profile

**Name:** Jacqui Woodward

**Role:** Governor

### Particular areas of responsibility:

Finance & Premises Committee

Personnel Committee

Behaviour and Personnel Development

### Department attachments:

Maths

### Background experience:

Jacqui has worked in the finance industry for over 20 years. She became a governor in September 2019 because she wanted to use her professional skills in the areas of finance and governance to contribute to the success of the school and wider community.

### Key areas of business expertise, experience and qualifications:

During her professional career Jacqui has been involved in all aspects of business including project and risk management, business development and marketing, recruitment, and strategic thinking alongside her detailed technical financial expertise.

Jacqui has a degree in mathematics from Leeds University and is a Fellow of the Institute of Actuaries.

### Other information

Jacqui comes from a family of teachers and whilst she has pursued a career in finance, she recognises that it has always been somewhat inevitable that she would become involved in education to some degree.

### Jacqui says:

“It is a privilege to be able to contribute to the school and wider community by being a governor. Alongside good financial management and governance I aim to bring a different perspective to ensure the school continues to provide an outstanding and relevant educational environment for both current and future students, equipping them with the skills they need to deal with the challenges they will face as part of their educational journey and beyond.”

### Key areas of interest as a governor:

Supporting STEAM (and specifically maths) and diversity having studied maths extensively and worked in the traditionally male dominated area of finance.
