

BTEC Level 1/2 Tech Award in Health and Social Care

Target overall grade:

In this course students will complete 2 components of work. Components 1 & 2 have two learning aims each and pupils will submit an assignment to support achievement in each learning aim.

By the end of this course we expect students to:

- Develop knowledge and understanding of human growth and development across life stages and the factors that affect it
- Develop knowledge and understanding of the different types of health and social care services
- Develop knowledge and understanding of the barriers that may prevent people from accessing different health and social care services
- Review own practice when applying care values in a practical setting
