- In general, however, a rota of areas to be supervised and by whom is produced by SLT each day.

Students arrive at the school via bus, taxi, bicycle, parent drop off and walking. The drop off and pick up is supervised where possible by a member of staff, but this is to facilitate traffic management rather than student supervision.

After School Hours Lettings

Unless specifically agreed in the Letting Agreement the school does not provide supervision for any groups using its facilities as part of a letting/hiring arrangement.

This person will also regularly check first aid logs for indications of recurrent or frequently reported types of injury and report as necessary.

First Aiders

The first aiders listed above will provide first aid treatment for anyone injured on site during the school day. They will also provide, as appropriate, first aid cover for: -

- Trips and visits
- Extra-curricular activities organised by the school (e.g. sports events, after school clubs, parents' evenings, school organised fund-raising events etc.)

- Contractors
- Events organised by third parties (fetes, evening clubs, etc.)

First Aiders are responsible for ensuring that First Aid Logs are completed for all treatment given and that the necessary details are supplied for the reporting of accidents (see Reporting of Accidents section)

Treatment of Injuries

The school will rely on the knowledge and experience of its trained first aiders in order to administer appropriate treatment to injured persons.

In emergency situations the first aider will call (or instruct another member of staff to call) 999 and request that an ambulance and paramedics attend.

Where there is any doubt about the appropriate course of action the first aider will be expected to consult with the Health Service Helpline 111 and in the case of student injuries, with the parents or legal guardian.

Suspected Head, Neck and Spinal Injuries to Students

In the event of a suspected head, neck or spinal injury to a student it is the policy of this school, in addition to the normal first aid procedures, that the student's parent/guardian is contacted and informed of the injury.

The attending first aider, in consultation with the parent/guardian, will decide the appropriate course of action in each case. The first aider will ensure that treatment is not delayed by difficulties in contacting the parent/guardian.

In any case where there is any doubt about the student's wellbeing, the first aider is expected to contact the Health Service Helpline for advice or phone for an ambulance as appropriate.

Other Significant Injuries

Any other serious injury will be notified to the parents/guardians by the quickest means possible (normally by phone).

In addition to the procedures above the school will notify parents/guardians of any other significant injury by way of: -

- A telephone call
- A letter
- A form
- Email

Records of notification by telephone to parent/guardians will be kept by the Pupil Support Office, as are copies of written notifications.

Escorting Pupils to Hospital

When it is necessary for a student to be taken to hospital they will be accompanied by a member of staff – unless the student's parent/guardian is in attendance.

The member of staff may travel to the hospital in their own vehicle (rather than in the ambulance with the student unless the student is overly distressed/confused). This decision should be made in consultation with the attending paramedics and the parent/guardian if he or she is immediately contactable. The member of staff should ensure that they arrive promptly at the hospital to meet the student as they are admitted to casualty.

The member of staff will stay with the student until a parent/guardian arrives and responsibility is transferred.

3. Pupils with Medical Needs

The School recognises that it has a responsibility to support pupils with medical needs. The School follows the Department for Education's guidance on managing medicines in schools and early years settings:-

- If the student becomes ill; ensure that he/she is accompanied to the office/medical room by an appropriate person.
- Students with medical needs are not penalised in their attendance record if their absences are related to their medical condition, hospital appointments, etc.
- Toilet, food and drink breaks are provided where necessary in order to manage a student's medical condition.
- Arrangements for administering medication do not include the need for parent/carers to attend School.
- Every effort is made to ensure that students with medical needs are able to take part in every aspect of school life including off-site activities, sporting events and practical lessons.

All contractors will be required to carry visible identification.

Direct supervision will not be necessary where the area of work is physically separate from the school (for example: where there is construction on site).

The nominated on-duty member of staff is responsible for carrying out checks of the premises during holiday periods.

School Staff/Governors Responding to Call-Outs

Staff nominated as out-of-hours key holders are sometimes required to attend site following the activation of the alarm. When they are called out they will not know what situation they will find and consequently systems are established which reduce the potential for them to be harmed.

It is considered that it is foreseeable that when attending a call out there is a potential for injury due to assault (which is rare) or as the consequence of an accident.

The first respondent to a callout must notify another member of the on-call premises team of their intention to attend a callout out of hours.

A member of staff should not enter a building alone unless there is an urgent and important need to do so before assistance arrives.

No member of staff is expected to enter a building where it is believed that there is a significant risk.
